

Turning Cloud into a Competitive Advantage

Cloud Security

Cloud computing offers clear advantages over legacy systems — eliminating costly infrastructure purchases, reducing human error in critical data backups, and strengthening risk mitigation. RKON's cloud solutions ensure greater resilience and business continuity in the face of disruptions, whether natural or operational. RKON is your trusted partner for guiding, developing, and executing digital transformation strategies tailored to your cloud journey and aligned with your business objectives.

Customized Digital Transformation Solutions

- Strategic Advisory / Program Rescue
- Cloud Implementation and Operations
- Cloud Transformation Health Check
- Microsoft Security Suite
- Full Stack Cloud Security Enablement and Optimization

Key Business Outcomes

- ✓ Implement a secure cloud that will allow optimal business operations and meet compliance & regulatory obligations
- ✓ Integrate Zero Trust model to reduce third party and supply chain risk
- ✓ Optimize security controls within the cloud environments to reduce technology sprawl and spend

Why RKON

- Security at the core
- Technology solutions that solve complex problems
- Full-stack solutions
- Global access to accredited security professionals to address IT needs
- Technology-agnostic

Vertical Expertise

Health Care, Financial Services, Manufacturing, Tech, INS, Life Sciences

Horizontal Breath

IT, OT, IAM, IoT, ICS, Smart Buildings, etc.
