

Secure Cloud Engineering Essentials

Accelerate and Secure Your Cloud Deployments

Assess your ATO readiness and create a roadmap to achieve authorization.

What is the FedRAMP Readiness Decision Support Program?

This 6-week engagement is designed to help organizations assess their readiness for FedRAMP authorization and establish a solid foundation for the ATO process. What does that look like:

Tailored guidance from FedRAMP experts Actionable insights and practical recommendations Reduced time to decision-making Structured roadmap for successful FedRAMP pursuit

Is this offering right for you?

- Are you considering pursuing FedRAMP authorization but unsure where to start?
- Do you need to understand the complexities and requirements of the FedRAMP process?
- Are you looking to assess the potential costs, benefits, and risks associated with FedRAMP?
- Do you want to determine if your system is a good candidate for FedRAMP authorization?
- Do you need help with initial planning and documentation to support your FedRAMP decision?

What does your team get?

- **FedRAMP Bootcamp:** An intensive training session to educate your team on FedRAMP requirements, processes, and best practices
- **System Categorization:** Assistance with determining your system's security impact level based on FIPS 199 standards.
- **Business Justification:** Development of a document outlining the business case for pursuing FedRAMP authorization.
- **Program Roadmap:** Creation of a high-level plan outlining steps & timeline for your FedRAMP journey.
